from distinguished Artists. Wm. Knabe & Co .- Gentlemen: I have great pleasure in certifying that I have tried your Square Planos and find them equal, if not superior, to any in this country. Among the great qualities which distinguish them, is the evenness of tone, the easy and agreeable touch and volume of tone. Wishing you all the success which you so highly deserve, I am, sira. Wm. Your instruments combine all the qualities which are required to make a Piano as perfect as possible, and fully deserve the great popularity they have gained all over the country.

Dodge's Ky. Stock Bell and Dodge's Clothes Washer. Twenty years' practical experience in farming, and seven years experience in the manufac-

They are certainly PERFECT in their structure, well adapted to the wants of every farmer, and he does not he situate to claim for his plow the FIRSF PLACE among the best that are made. The leading charactersties to which he would call a tention are as follows: First-Great strength and durability. Second—Very light draft.

Third—Simplicity of construction and ease of repair.

Fourth—Adaptation to every kind of soil—can use either steel or cast points; cleans itself under all circumstances, shedding even the sticklest and most putty like soil, with ease. Fifth-It is in adjustible sections, either of which, when worn out, can be as easily replaced as the parts of a cast-iron plaw; thereby saving the remainder, which would otherwise be thrown away.
